DIMENSIONS:

Length: 25.0 cm (9.8 in)
Width: 3.0 cm (1.2 in)
Height: 4.0 cm (2.0 in)
Weight: 57 g (2 oz)

Key enables cleaning for both LC and CS connectors

Dual spines for high stability while cleaning

Duplex connector compatibility

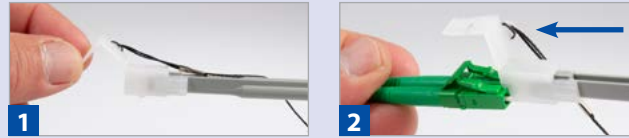

Cleaning for LC connectors

Adapter LC End Face Cleaning

1. Place the white end cap into the handle.
2. Insert the cleaner into the adapter port and push forward 1X to clean the end face.

Unmated LC End Face Cleaning

1. Open the lid on the white end cap.
2. Insert into the LC connector and push cleaner forward 1x to clean the end face.

Cleaning for CS duplex connectors

Adapter CS Duplex End Face Cleaning

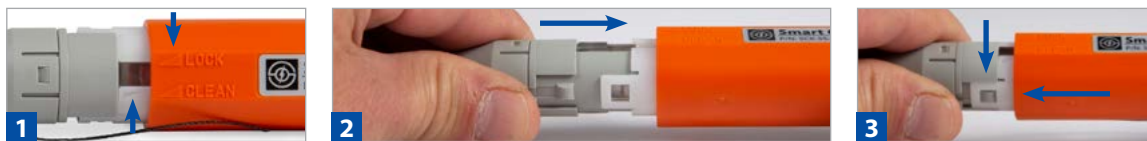

1. Place the white end cap into the handle.
2. Turn the key 90° and insert into the port and push 1X to clean the end face.
3. Turn the key 180° and insert into the port and push 1X to clean the end face

Unmated CS Duplex End Face Cleaning

1. Open the lid on the white end cap.
2. Insert into the CS duplex connector and push cleaner forward 1x to clean the end face.
3. Turn the key 180° then insert into the CS duplex connector and push cleaner forward 1x to clean the end face.

Refill replacement:

1. Rotate the orange handle to align the two arrows to go into "Lock Mode".
2. Hold the orange handle stationary and pull back on the gray cleaning cartridge
3. Place the replacement cartridge into the orange handle. Make sure to align the gray bump into the slots of the white mounting ears in the handle.
