

## INTRODUCTION

The Blowing Beads are mounted on the tip of the Air Blown Fiber Unit & Air Blown Mini Cable for optimal performance, recommended for long distances blowing or where sharp bends exist. The beads are made of brass with a conical tip and come in different sizes to suit the different air blown fiber.

## KEY FEATURES

- Super-slim beads for air blown fiber unit & air blown mini cable
- Increases blowing performance
- Minimizes risk of stops in spliced ducts
- Easy to mount with pliers

## STRUCTURE

## SPECIFICATIONS

	Beads outer diameter (mm)	Beads inner diameter (mm)	Beads length (mm)	Cable diameter (mm)	Packing detail (PCS/BAG)
12	1.7	1.2	7	1.15	1000
17	2.2	1.7	7	1.65	1000
20	2.5	2.0	7	1.8~1.9	1000
27	3.2	2.7	7	2.3~2.6	1000
30	3.5	3.0	7	2.7~2.9	1000
35	4.0	3.5	9	3.2~3.4	1000
40	4.5	4.0	9	3.7~3.9	1000

## ABOUT P/N:

Blowing beads | 12: beads inner diameter 1.2mm
